LATEST WAR NEWS.

Chinese Cruiser Captures a Japanese Bark.

A WARNING TO ALL PILOTS.

They Must Not Furnish Information About the Waterways—Pekin Saved by the Drought—Russia's Movements Closely Watched—England Declares Her Neutrality.

TIEN-TSIN, Aug. 8.—A Chinese cruiser has captured a Japanese trading bark and taken her to Taku. All pilots have been warned officially that they must not guide Japanese vessels nor give them any information as to the waters and coast.

The rivers are falling steadily in consequence of the drought. It will soon be impossible for the Japanese to make a raid up the Pei Ho toward Pekin.

A copy of a Japanese edict, issued since the declaration of war, has been received by The Central News correspondent in Shanghai which says that the local authorities will be held responsible for the lives and property of the Chinese subjects remaining in the sovereign districts.

The Russian officials in Shanghai say that Russian trade suffers too severely from the war to interfere. Russia's movements are watched very closely by Japan because of the report of a Russian-China entente.

The weather on the China sea is so rough that all the smaller vessels have been driven to shelter.

The Japanese cruisers are supposed to be concentrated at Chemulpo.

Japanese Warships at Gibraltar.

GIBRALTAR, Aug. 8.—The Japanese warship Satisuata, from New Castle, arrived here yesterday en route to Japan. The Satisuata will probably escort the three fast vessels, fitted out as cruisers, which were recently purchased in England for the Japanese government. On the high seas these three vessels are to be transferred to the Japanese government, and their equipment is to be completed in Japan.

England Will Remain Neutral.

LONDON, Aug. 8.—An extraordinary gazette has been issued containing a proclamation by the queen of Great Britain's neutrality in the war between China and Japan.

CONVENTION OF PRIESTS.

Arrangements Being Made For a Large Congress in the Near Future.

SOUTH BEND, Ind., Aug. 8.—The American branch of the Priests' Eucharist League is holding its first convention at Notre Dame, near this city. About 200 members of the Catholic clergy are present, including Archbishops Elder of Cincinnati and Katzer of Milwaukee, Bishop Chatard of Vincennes, Richter of Milwaukee, Rademacher of Fort Wayne and Mesmer of Green Bay. Wis., and Father Didier of Baltimore, representing Cardinal Gibbons.

The order includes about 2,900 priests and was founded in 1881. This meeting is to arrange for a large congress in the near future. Papers relating to the objects of the order were read. The reunion will conclude tomorrow.

SHOCKING TRAGEDY.

SAN FRANCISCO, Aug. 8.—Ethel Leroy, a dissolute woman, was murdered in a shocking manner yesterday afternoon on O'Farrell street. After a desperate struggle with Frank Larrabee, whose mistress she had been, he overpowered her and with a razor cut her throat. In the terrible struggle the woman's cheeks, neck and breast were frightfully slashed. Pushing the dying woman from him, Larrabee then drew the razor across his own throat in an attempt to end his own life. The woman recovered from the woman's threat to leave him. Larrabee is an electrician who came here from Chicago at the beginning of the midwinter fair.

Strike Finally Declared Off.

TERRE HAUTE, Ind., Aug. 8.—At a protracted meeting of the local lodge of the American Railway Union the strike on all roads entering this city, except the Chicago and Eastern Illinois, was declared off. A committee of strikers called on General Manager Williams of the Vandalia yesterday to plead for reinstatement. He told the committee that there were no vacancies on the road, but if any of the strikers could secure places by application to the heads of the departments of the road the fact that they had been strikers would not prejudice their case.

Fatal Accident and Suicide.

MARSHALL, O., Aug. 8.—Mrs. Margaret Shantz, 75, was run down by a passenger train on the Cleveland, Lorain and Wheeling railroad on a trestle near Warwick. Her neck was broken and her head severed from the trunk. J. H. McLemore, superintendent of bridges for the Cleveland, Lorain and Wheeling railway, shot himself with a pistol in Ulrichsville Tuesday. He thought he was going to have typhoid fever and shot himself through the mouth and head, dying in a few hours.

Women as Lifesavers.

PENSACOLA, Fla., Aug. 8.—Last night the full rigged Norwegian ship Catherine Stephenson stranded on Santa Rosa island. A terrible gale was blowing at the time. Captain Broadbent of the lifesaving station, with the assistance of his three daughters and one man, hauled their apparatus nearly two miles, fired the lifeline and rescued the crew of the vessel. The vessel is in seven feet of water, and is rapidly going to pieces.

THERE MAY BE BLOODSHED.
Packers' Strike in Omaha Growing to Be Quite Serious.

OMAHA, Aug. 8.—The situation at South Omaha is more serious than at any time since the strike began, and Adjutant General Gage is closely watching the maneuvers of the angry strikers. All the packinghouses are surrounded by strikers, most of whom are armed, and all persons desiring to enter the plants must satisfy the guards of strikers, who are located every 10 yards. The trade in revolvers has been rushing here for the last week. Permits have been issued to many of the men to carry guns, and each day the situation grows more serious.

"We want better police protection," said Manager Cudahy. "The men who want to work are assaulted both going and coming from home. We ought to have at least 200 specials for a while until this excitement abates."

A Frenchman, who was anxious to go back to work, but was afraid he would be assaulted if he did, rigged himself out in a novel way and passed through the picket lines without being detected. He dressed himself in one of his wife's gowns, and accompanied by her the pair walked into the plant without any questions being asked. The Frenchman is now at work, but he does not go home in the evening.

Anthony Franks, a man employed at Cudahy's, was pursued by strikers yesterday evening and fired at five times.

The executive committee of the strikers disclaim any knowledge of assault committed by the union men.

They claim all the men who went out are given strict orders not to create any disturbance whatever.

The committee assigned for declining to accept the sliding scale on coal and iron are proposed by the senate conference.

It would appear from all information that can be secured that without giving any special reason, they resumed their argument for free raw material.

It has come to be understood that in these meetings the house members are doing the greater part of the talking, and that the senators have come to be very impatient listeners.

The yielding of Senator Voorhees has led the house conferees to the conclusion that other conquests are possible. On the other hand, the senators have not concealed their impatience at the delay, and the senate conferees have expressed their conviction many times during the past week that if an agreement is not soon reached the situation demands the reporting of another disagreement.

This sentiment found utterance more than once yesterday, and being repeated in the senate chamber, led to the general circulation of the report that either an agreement would be reached or a disagreement decided upon today.

When asked as to the foundation for this report, one of the senate conferees stated that it was among the possibilities.

There are some indications that an early conclusion of the conference may be brought about. One of these is found in the fact that Senator Gorman has been making careful investigation

of the status of the bill in case a report should be made.

Certain of the conservative senators have been very impatient of the delay in conference, and it is known that resolution discharging the conferees from the further consideration of the bill and receding from the sugar schedule, was drawn up by one of them on Monday and would have been presented on that day but for the interference of members of the conference committee.

There is still talk of the possibility of such a motion, but it will not be made except with the consent of the senate conferees.

CASES OF INTIMIDATION.

The butchers are especially positive of winning, and many of them declare openly if they do not win the packers will regret it.

There has been no acts of violence committed outside of scrapes as yet.

New men are being put to work as they are needed and the packers say by the end of the week they will be running a full force.

The hog butchers held a meeting last night and agreed to stay out until the packers paid them the scale submitted them.

Warrants have been issued for the arrest of C. S. Felsch, accused at the Hammond plant of destroying property, and Herman Thielke of destroying property at the same plant by throwing a stone through a window.

Cases of intimidation are being reported frequently at South Omaha police headquarters and the chief's attention has been called to several instances where men have gone to the homes of those who were at work and compelled their wives to go after their husbands and take them from their work, or if they would not do that to suffer the consequences. In all instances of this kind the men have been compelled to quit work.

At midnight the cordon of strikers on duty during the day was relieved by a new force of men, and the guard will continue all night. When the packers saw the strikers were determined to keep men constantly on hand to prevent intercourse between the city and the plants, they notified the municipal authorities and the sheriff that more officers were necessary to enable them to provision the men who replaced the strikers, and it was agreed that 300 deputies should be sworn in. It is conceded this will inflame the strikers, and it is expected troops will be ordered to the scene.

ATTEMPT TO WRECK A TRAIN.

IT ONLY PROVED A FAILURE BY AN ENGINEER'S GOOD JUDGMENT.

ELKHART, Ind., Aug. 8.—A bold attempt was made at Kossler's Siding, just before daybreak, to hold up the Lake Shore express train which passes this city at 1:30. As the train approached the station the switch was thrown, the engine striking a pile of ties, which had been thrown across the track. Engineer Bunting saw that he could not stop in time and concluded to run the gantlet and the engine plowed through the mass of stones and ties without much injury. Just as the obstructions were reached there was a fusillade of shots from both sides of the track and wild yells to the engineer to halt.

The robbers had taken the precaution to connect the sidetrack with the main line at the end of the siding, and but for this the train would have been derailed, and a frightful sacrifice of life would have been the inevitable result. The train carried \$20,000 in gold, and it was the knowledge of this fact that prompted the bold attempt. This is the same train that was held up at Kessler about a year ago. Had the train been stopped, it is not supposed that the robbers would have been successful, as the crew was heavily armed. The express cars on this train are guarded by armed men.

SAFETY'S HEAD WILL SOON DROP.

PARIS, Aug. 8.—No appeal has been made for Santo Cesario, the convicted murderer of President Carnot. As the time for revision of judgment is now passed, the documents have been sent to Paris. The execution will take place probably in about two weeks.

NO PROGRESS MADE.

ANOTHER DAY AND NO TARIFF LEGISLATION.

NOTHING DONE IN CONFERENCE.

TWO BRIEF SESSIONS HELD AND THE COAL AND IRON ORG. QUESTIONS DISCUSSED—CAUCUS OF HOUSE MEMBERS HELD BUT NO ACTION WAS TAKEN—PROCEEDINGS OF THE HOUSE AND SENATE.

WASHINGTON, Aug. 8.—The tariff conference yesterday was entirely subordinated to the house caucus and was devoid of interesting features. The conferees held two brief sessions during the day, and discussed the coal and iron ore questions, besides reverting to the sugar schedule. The talk, however, served to no purpose, except to emphasize the fact that the disagreement is still unbroken, and that very little, if any, progress is being made.

The purpose of taking up the sugar schedule again can not be learned. It is also impossible to ascertain what reason the house conferees assigned for declining to accept the sliding scale on coal and iron ore proposed by the senate conference.

It would appear from all information that can be secured that without giving any special reason, they resumed their argument for free raw material.

It has come to be understood that in these meetings the house members are doing the greater part of the talking, and that the senators have come to be very impatient listeners.

The yielding of Senator Voorhees has led the house conferees to the conclusion that other conquests are possible. SENATE AND HOUSE.

SHORT SESSIONS HELD IN BOTH BRANCHES AND NOTHING DONE.

WASHINGTON, Aug. 8.—The senate held a short and uninteresting session yesterday, adjourning at 2:40 p. m. The most important event in the day's proceedings was the passage of a resolution directing the president to take steps for the release of American citizens confined in the island of Cuba for participation in recent rebellions.

The early adjournment was due to a desire to avoid irritating remarks which, it was thought, on the Democratic side, would probably be heard later in the day from Republican senators and might lead to a debate which, at the present time, when feeling is running high, might prove disagreeable.

There was also nothing before the senate except the calendar, which contains a large number of bills that some of the leading Democratic senators think might as well remain on the calendar.

IN THE HOUSE.

WASHINGTON, Aug. 8.—After a rather uninteresting session the house adjourned at 2:45 p. m. Immediately on the adjournment the clerk announced the call for a Democratic caucus at 3 o'clock.

CAUCUS PROCEEDINGS.

NO ACTION TAKEN LEAVING THE CONFERENCE UNSTRUCTURED.

WASHINGTON, Aug. 8.—When Chairman Holman called the house caucus to order at 3 o'clock, 109 members were present. Mr. Byum at once offered a resolution reciting the fact of disagreement on a tariff bill, and declaring that the conferees should meet in a spirit of liberality and by mutual concessions agree upon a measure that will meet with the approval of both sides.

Speaker Crisp, Chairman Wilson, Representatives McMillan, Catchings and Outhwaite, and those who were expected to fight the resolution, were on hand when the caucus was called to order.

In support of the resolution Mr. Bynum said that above all things an agreement was necessary. He was not preoccupied for or against the senate bill, and would give his support to any bill the conferees might agree upon, but he spoke for the people of his state who demanded that bill should be speedily passed. His tone was mad and conciliatory.

Chairman Wilson followed Mr. Bynum, speaking against the resolution. His speech was marked by much spirit. He detailed the work of the conference.

and told of the troubles that had been encountered. Mr. Wilson said that one of the greatest troubles was just such movements as this for a caucus by which the house conferees were subjected to a fire in the rear. He said the conferees had not despaired of reaching an agreement satisfactory to the country and the party.

He was followed by Mr. Livingston of Georgia, who offered a substitute expressing confidence in the house conferees and leaving all action to their judgment.

Speaker Crisp then spoke with much earnestness for 10 minutes, counseling the caucus to take no action which would embarrass the house tariff conferees. The speaker's remarks were greeted with much applause. At 4:30 the caucus adjourned without any resolution.

BLOODY TRAGEDY IN CHICAGO.

A COLORED MAN MURDERS HIS WIFE AND THEN KILLS HIMSELF.

CHICAGO, Aug. 8.—Henry Russell, colored, yesterday afternoon murdered his wife, Carrie, by cutting her throat with a razor. He then ended his own life by slashing his own throat. The scene of the tragedy was in the building in the rear of 6 South Sheldon street. The couple lived on the second floor. About 2 o'clock Russell returned to the house and commenced quarreling with his wife. In a short time the woman was heard screaming and several men who went to her assistance were driven off by Russell, who threatened to kill them if they came back.

The police at the Lake street station were notified and Sergeant Ellwood and Officer O'Connell were sent to the house. Before they arrived, Russell had cut his wife's throat from ear to ear, and then taking up the dying woman in his arms, he bore her to the window, and hurled her out into the yard. He then stood at the window with a bloody razor in his hand and looked down upon the apparently dead woman.

Fair weather; south winds.

THE SOUTH is still solidly Democratic. The elections in Tennessee and Alabama the past week have demonstrated that fact to the satisfaction of all.

THE ALABAMA true blue Democrats didn't do a thing to the conglomeration of Kolbites, Populists, soreheads and Republicans but give them a worse drubbing than they did two years ago.

WITH the prevailing discontent and the cry of "hard times" to face, the Democrats of Tennessee and Alabama went to work and won a bigger victory than that of two years ago. They are made of the right stuff.

IT is to be hoped that no Democrat shall give the claim of a single Republican office-seeker, no matter how specious it may be, nor under what guise he may come, the least consideration. Of course they want Democratic votes, and as many of such as they can hoodwink into voting for them, but surely there cannot many be found foolish enough to be deceived.

AUGUSTA had the Republican Congressional convention and the Democratic Appellate convention and now she wants the Democratic convention that will be called as long to nominate a candidate for the short term in Congress. The Augustan shouldn't be too hoggish. Give the other towns in the district a show.

SHANNON.

Willie Browning, of Lincoln, Neb., visited relatives here last week.

Robert Chanslor returned Monday from a trip to Lexington and Shelbyville.

Quite a number of our people attended the fair and all pronounced it a success.

Mrs. Elizabeth Williams is visiting Misses Ollie and Nannie Bland, at "The Highlands."

A large delegation from here will attend the Deering camp meeting next Saturday and Sunday.

Miss Tillie Reese will return this week from a visit to friends at Maysville, where she attended the fair.

W. D. Thaxton, wife and two sons, of Millersburg, were the guests of Mr. and Mrs. A. J. Stiles Sunday.

C. J. Arthur and Miss Aretha Burris left Monday for a visit to friends in Shelbyville and Eminence.

J. F. Chanslor and son, Isaac, of Millersburg, spent Saturday and Sunday with relatives and friends here.

Corn and tobacco are suffering from the continued drought, and stock water in many localities is scarce.

Misses Aretha and Maggie Burris, of Portsmouth, have been the guests of Miss Doña Arthur the past week.

Mrs. Addie Smith and daughter, Miss Annie, of Millersburg, returned home Saturday after a brief visit to relatives.

Master Maurie Aitkin, of Flemingsburg, who has been rustling in our midst for a week or so, left Monday to join his parents at Parks Hill.

Mrs. Maude Spears, of Lexington, Katie Miller and Allie Clark and Mr. J. W. Clark, of Millersburg, visited Miss Maggie Chanslor last week.

Several couples will hole themselves to Blue Licks on Thursday evening to drink of the refreshing waters and spend an evening in dancing.

Our Sunday school is increasing rapidly and much interest manifested by the children especially. Now, if our parents will but do their duty and attend with us we will "boom old Shannon."

Orville H. Browning, Ph. G., of Lexington, is visiting his mother at "Walnut Shores" for a few days. He was accompanied from Lexington by Miss Susie Taylor, who will be the guest of Miss Bettie Prather this week.

The New Shoe Store.

F. B. Ranson & Co. announce elsewhere that their new shoe store will soon be open, at No. 35 West Second street, —Corporation Building. Their business will be conducted on the cash and one-price plan, which is always the most satisfactory in the long run. Mr. Ranson has had years of experience in the shoe business and knows just what will please the Maysville trade in this line. He is just back from the East, where he selected the very best stock to be had. Lowest prices, correct styles and best values are what the new house promises. See advertisement. We bespeak for the new firm a liberal share of the public patronage.

Left Home.

Willie Braniel, son of A. M. Braniel of Mt. Gilead, left home very mysteriously Sunday evening or rather some time during Sunday night. His parents would be glad to know why he left home and where he has gone.

JUST received, a new line of belts and buckles, belt pins in gold and silver, ladies' button sets, children's dress pins and button sets, hat pins and hair pins, cuff pins in gold and silver, link cuff buttons, scarfs pins. These goods have been marked down to bottom prices.

P. J. MURPHY,
Successor to Hopper & Murphy.

He Knew the Snap.

As the seasoned tramp and the green one passed along the road they observed a handsome, hospitable looking home resting peacefully in the quiet shade.

"Git on to it, Cully," exclaimed the green one, his eyes sparkling in anticipation. "That's the kind of a place where we git a soft snap."

"Do we? You think we do, do you?" replied the seasoned one scornfully.

"Well, you go in and try it. I've been Go on in, but you'd better take a hydraulic jack along to pry the bull pup's jaws open with unless you want to tote him around with you till he gets ripe and falls off." —Detroit Free Press.

Arrested.

PORTSMOUTH, O., Aug. 8.—William Carter and John Johnson, negroes arrested for crap-shooting, escaped from jail by assaulting Hank Burton, the turnkey, and taking his keys from him. After an hour's chase they were rearrested.

The Wrong End.

MASILLON, O., Aug. 8.—August Bloch went out squirrel hunting. He picked up the gun at the wrong end, and the trigger caught. The load was discharged into his right arm, so tearing it that its loss is expected.

Boarding and day School for young Ladies. Thirty-sixth year opens in September, 1894. College and Preparatory courses. Building commodious; hot and cold baths and closets; recreation rooms are above ground—large, well ventilated. Grounds consisting of fourteen acres, affording ample space for tennis courts and other outdoor amusements; commanding location on a hill overlooking the city, within a minute's walk of the business portion.

In September, 1894, this school opens under the management of Mrs. A. R. Bourne and Miss Alice Lloyd, Associate Principals, late of Hamilton College, Lexington, Ky. They will be supported by an able corps of teachers. The school will be limited to thirty boarders, thus an opportunity for social life will be afforded, impossible in large boarding schools. For catalogue and other information address

MRS. A. R. BOURNE,
MISS ALICE LLOYD,
Associate Principals, M. F. I., Madison, Ky.

LEXINGTON, KY., May 20, 1894.

Mrs. Bourne and Miss Alice Lloyd and that I think the Madison Female Institute very fortunate in securing their services in its inauguration. They are both ladies of culture, executive ability and skill in the art of teaching. No parents in Kentucky or elsewhere need hesitate to put daughters under their care and instruction.

To Whom it May Concern: Having learned that my friends, Mrs. A. R. Bourne and Miss Alice Lloyd, have been engaged to take charge of the Madison Female Institute, I give you my pleasure in saying that they are

BROWN COUNTY TEACHERS.

Interesting Discussions at Their Institute Now in Session at Aberdeen—Notes

The institute opened Monday with a much larger attendance than last week. After opening exercises, Superintendent Mulford gave an interesting and instructive talk on the fundamental principles of arithmetic, and the manner in which beginners should be taught to associate numbers and the characters which represent them. Dr. Nelson followed, with Physiology. He handled his subject in an able manner, and incidentally remarked that the teacher should attend to the moral and mental hygiene of his pupils as well as to the physical.

After a short recess Superintendent Mulford held the attention of the teachers for half an hour upon the subject of Literature, which he presented in a way that was instructive and entertaining. He taught that the history of literature or biography was taught more than the literature itself and held that it were better to know what the author said than to know when or where he said it, or whether he was a good little boy or a bad one.

The subject of Theory and Practice was next taken up by Dr. Nelson and discussed in his own inimitable way; and certainly no one could leave the room after hearing him without having a higher appreciation of his duties and his responsibilities as a teacher, and as a man. He insisted, (and without any disparagement to the noble calling of the ministry, for his father was a Methodist preacher,) that the influence of the minister upon the mind of the child is second to that of the teacher, and gave in support the fact that the minister had him in care only two hours each week while the teacher had him thirty hours or more.

At night Superintendent Mulford gave what he termed a Talk on Literature and select readings. The house was crowded to the fullest capacity, and the selections read were bright gems in the galaxy of literature, and judging from the number of pencils that were brought forth by the teachers during the hour, the BULLETIN scribe is of opinion that there will be considerable amount of reading on the part of some who have heretofore been somewhat lax upon that particular point. Having lived with the great poets of the world for an hour, President Johnson suggested that they live an hour or two with each other, and have a regular old-fashioned rip-roaring reunion and love feast. Whereupon he appointed a committee on introduction consisting of four ladies and four gentlemen, and right well did they perform their duties. After everybody had been introduced to everybody else, it seemed that they all wanted to be with everybody in general and with no one in particular, and for a couple of hours it is difficult to imagine a happier, jollier crowd than was gathered together on Monday evening.

NOTES.

"Gus" Sorries promenaded until he could go no longer.

Examiner Kehoe was not feeling well and retired soon as the reading was done.

Jack Purdon said that he never saw so many pretty girls in all his life, and then asked: When will the next one be?

W. S. Griffith had to go home and rock the baby—he rocks it all night. It has been two weeks since he slept a minute.

Dr. Nelson and Superintendent Mulford had more fun than anybody, except President Johnson, A. F. Waters and Professor Yearsley.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

THAT LEWIS COUNTY TRAGEDY.

Particulars of the Killing Near Petersville Monday—The Pistol-User a Preacher's Son.

Brief mention was made yesterday of a murder near Petersville, Lewis County, on Monday, in which the Uptons figured. A dispatch from Vanceburg gives particulars of the tragedy.

Four months ago William Upton, aged thirty-five years, left his wife and two children and ran away with Zada Upton, his cousin, who is only fifteen years old.

The couple returned one month ago, and since then have been living with John Upton, William's brother.

Near John's house lives Zada's father, Rev. Newton Upton. Much bad blood has existed between William and John, on one side, and Zada's father and her brother Ed, on the other.

John and William went to Rev. Upton's house Monday afternoon late to raise a row with Ed. The latter appeared with a Winchester rifle and shot William dead.

The BULLETIN'S Mt. Gilead scribe gives fuller particulars of the affray. William Upton was a man of a family, having a wife and five or six children, but about six months ago he became infatuated with a sister of Edward Upton and left home with her. They had been living together as man and wife in Greenup County, but the people there learning that they were not married ran them off from that county.

They then came back to their old home, and made their boast that they intended to do as they pleased and to live in defiance of the law, and Upton said that if the father or brothers of the girl wished to interfere in the matter he was ready for them.

It seems that the brothers were a little slow in making the attack, and William Upton and his brother John went to the house of Ed. Upton's father and made an attack on them with a pistol. He shot once at Ed, and Ed, returned the fire, killing him instantly. Then John opened fire on Ed with a shot gun wounding him slightly.

John after firing on Ed, left hastily and had not been seen by the officers up to this writing.

Ed. Upton is lying at his home unable to escape if he so desired, but public opinion is so entirely with him in the shooting that he will make no effort to evade arrest.

CYNTHIANAS COMING.

The Team From Harrison Will Tackle the Regulars Friday and Saturday—Base Ball Gossip.

Angusta defeated Manchester Saturday by a score of 15 to 14.

Wadsworth has been elected Captain of the Regulars, in place of Cox who resigned.

It was a mistake about Cynthiana defeating Paris Monday. They were knocked out by Paris, 9 to 0.

The Regulars make a fine showing in their new uniforms. The suits are navy blue, with cardinal cap and belt.

Lexington has signed the Reiman brothers, two of Versailles' crack players, and also Groves, a fine fielder from the West.

The Regulars had things pretty much their own way in the game with the Brown County teachers Tuesday afternoon. Score 25 to 2 in favor of the locals.

Manager Watson has arranged with the Cynthiana team for two games with the Regulars, to be played at the fair grounds next Friday and Saturday. The Cynthianas are good players, having downed Versailles' crack team and other Central Kentucky clubs in recent games.

They were defeated by Paris Monday, but the best of clubs sometimes lose. The games here Friday and Saturday will no doubt be lively ones.

Bracken Association of Baptists.

The Bracken Association of Baptists convenes at Mayslick to-day, and the meeting will continue the rest of the week. Many prominent ministers will be present, among them Dr. Davidson, of Georgetown College.

CONSUL UNDERWOOD DEAD.
He Represented the United States Government at Leith, Scotland.

EDINBURGH, Aug. 8.—G. H. Underwood, the United States consul in Leith, the seaport of this city, died here yesterday afternoon of blood poisoning. Mr. Underwood's death was not unexpected as he had been suffering for some time past.

Stood Well in Washington.

WASHINGTON, Aug. 8.—G. H. Underwood, who died at Leith, Scotland, yesterday, at which place he was United States consul, had been for some years in the consular service in which he had earned a high reputation. He was originally appointed consul at Glasgow in President Cleveland's first administration, July 6, 1885, and went out of office in July, 1889. He was appointed consul at Leith June 8, 1893. He was a resident of Boston, and had done considerable literary work there. He was appointed consul through the influence of Josiah Quincy.

DREDGEBOAT BOILER EXPLODES.

One Man Hurled Into the River and Drowned and Five Others Injured.

PHILADELPHIA, Aug. 8.—The boiler on the Philadelphia, a dredgingboat of the American Dredging company, engaged in deepening the channel of the Delaware river, opposite the foot of Walnut street, exploded yesterday. One man is missing and five injured. The missing man is Charles Walters, who was blown into the river and probably drowned.

The injured are: Alfred Bunting, United States inspector, severely scalded, cut and bruised, recovery doubtful; Andrew Anderson, scalded; Mate Rainier, scalded and leg broken; William Wilkinson, badly scalded; John Santon, burned and scalded.

Run Down by an Engine.

IRONTON, O., Aug. 8.—At 6:30 yesterday evening James Call, an employee of a Cincinnati, Hamilton and Dayton construction train at tunnel No. 4, on the Iron railway, was run down and instantly killed by engine No. 20, in charge of Engineer Ryan. The young man attempted to cross a small trestle in front of the engine and missed his footing, his head was cut entirely from his shoulders and the trunk horribly mangled. Call's brother was with him at the time. The dead man was single, aged 21. The remains were brought to the home of his parents in this city.

Election in Tennessee.

NASHVILLE, Aug. 8.—Full reports from 64 counties give the Democratic vote for supreme judges as 106,274, Fusion, 81,720. Democratic majority, 24,554. Twenty counties, unofficially heard from, give 209 majority for Democrats. Twelve counties yet to be heard from will give not less than 8,000 Fusion majority, making the total Democratic majority in the state 16,000. This is a Democratic gain since 1892 of 22,000.

Did They Suicide?

CHICAGO, Aug. 8.—Two South Side girls, Ida Dreyer and Hattie Johnson, have been missing since Sunday and it is feared have committed suicide. They had been forbidden each other's company by relatives, and becoming despondent the girls threatened to jump into the lake together. The police were notified and are now dragging the lake in the hope of finding some trace of the absent young women.

Alabama Election Returns.

MONTGOMERY, Ala., Aug. 8.—Complete returns, unofficial, but reliable, from every county in the state, except two, make the Democratic majority 26,124. Those two counties are Baldwin and Covington, both small, and they can not possibly change the foregoing result more than a few hundred. The official count in the counties will take place Saturday. The Democrats have at least 22 members of the senate out of 33 and 61 members of the house out of 100.

Nitroglycerin Factory Blown Up.

LIMA, O., Aug. 8.—One of the nitroglycerin factories, several miles in the country west of the city, was blown up yesterday, shaking the city badly, and in the western part of the city jarring chimneys. No one was killed, but the force of the explosion was terrific. The Hercules factory was completely shattered, caused by spontaneous combustion, the result of the sun's heat upon the acid used in making the stuff.

Forest Fires in Michigan.

COLEMAN, Mich., Aug. 8.—Forest fires are raging on all sides of this village and thousands of dollars' worth of property and crops are being destroyed. The citizens of Coleman and farmers in the vicinity are fighting like demons to save their property. Unless rain comes soon crops in this vicinity will be an entire failure.

More Butchers.

CHICAGO, Aug. 8.—The force in Swift's and Morris' packinghouses was increased Tuesday by the arrival of 60 butchers from New York. They were given work in place of the strikers, and will go far toward completing the force required by the houses.

Both Dead Now.

NEW YORK, Aug. 8.—Joseph B. Hunt, who shot and killed his wife and shot himself last Sunday, died yesterday as the result of his injuries.

Lumberyards Burned.

OSHKOSH, Wis., Aug. 8.—Fire last night destroyed the lumberyards of Campbell Brothers & Cameron Loss, \$60,000.

Forest Fires Approaching a City.

STANTON, Mich., Aug. 8.—Forest fires are raging almost to the city limits on the south and west sides. A strong west wind is blowing. Many citizens are fighting the fire.

Pointer for Officers.

WASHINGTON, Aug. 8.—Postmaster General Bissell has left for Kennebunkport, Me., to remain for a week.

Death of a Sculptor.

PARIS, Aug. 8.—Auguste Nicola Caine, the sculptor, is dead.

THE CAMP MEETINGS.

Large Crowds Enjoying the Services at Ruggles and Parks' Hill.

Sunday was one of the busy days with the tenters, entertaining their friends. You could count them in groups here and there all over the grounds, and they all seemed to enjoy themselves.

Sunday night we had another good sermon from Rev. Dr. Clark, D. D. Text, Heb. 12: 2, "Jesus, the Author and Finisher of Our Faith."

Monday morning your correspondent took a drive with Dr. Clark over to Glen Springs. This is a most beautiful resort, and we found quite a number of Mayville people there, among them our druggist, J. James Wood, Andrew January, Roe Stockton, Harry Barkley, Miss Archdeacon and others.

Some people at the camp grounds, between the services, are enjoying a stroll through the woods, others are playing croquet, while the preachers are enjoying a friendly chat on the veranda of the preacher's tent. With them is Dr. Bowman, of Tollesboro, who is entertaining them by relating some of his experiences in China.

None of the preachers seem to enjoy this place of rest and recreation more than our Bro. Holt. He looks as if the rest was doing him good. Prof. Bloom, who has been ailing some time, says he feels much better since he came here.

Our Presiding Elder, Rev. G. R. Frenger, preached Monday night from Rev. 22: 9, Subject, "Worship God." This was a sermon full of spirit and power, and it was listened to with deep interest. Rev. Mr. Childers followed with an earnest exhortation to the people to come to Christ and begin now to worship him. Twelve responded to this appeal. Several more raised their hands for prayers. The meeting throughout was full of the Spirit and very profitable. It looks now as if this meeting was going to be one of great results in the salvation of the people.

Tuesday was set apart as a special day for prayer and earnest work for God.

The gates have been thrown open and are free until Saturday.

PARKS' HILL.

Sunday was one of the most pleasant Sabbaths ever spent on Parks' Hill by the campers. A pleasant crowd was on the grounds. Every one had an opportunity to hear some of the best preaching that has ever been heard here. The second and third Sundays will crowd the grounds, while the first Sunday was a typical camp meeting Sunday for the campers.

Dr. Geo. R. Stuart, of Tennessee, arrived Monday and will preach until Wednesday night. Mr. Stuart has attracted great crowds on these grounds in years gone by.

Dr. Morris, of Cincinnati, and Dr. C. Miller, of Louisville, will arrive Wednesday and Thursday, respectively, each to stay a week.

The grounds are beautiful, nights cool enough to require plenty of bedding and insure refreshing sleep. Splendid mineral and eastern water in abundance. The hotel table loaded with the best the market affords of seasonal edibles.

The admission is reduced during the week to 10 cents for daily visitors, 25 cents for campers and 25 cents on Sundays.

The meetings are growing in interest. The campers are more than pleased with the promptness in which the able ministers engaged are filling their appointments.

Rev. George Stuart draws in the whole campment to hear his able efforts in the presentation of the Master's cause. After preaching over an hour Tuesday it was often heard, "Why did not think he talked thirty minutes."

Wednesday and Thursday will bring in new ministers to remain for another week. Local ministers are in continual attendance and give good sermons and excellent exhortations in the various meetings. Rev. Stuart will leave after the night service Wednesday. He will be succeeded by Dr. Morris, of Cincinnati, and Dr. Miller, of Louisville.

The music improves as the days go by. Good order prevails and Devil's Gulch is being changed into Happy Hollow. Editors Duley and Craggock were on the grounds Tuesday.

Wire Tappers Arrested.

COLUMBUS, O., Aug. 8.—The police yesterday evening arrested J. G. McCloskey, a well known operator of New York, and another operator, named Metzberger, and J. Martin, a lineman, both of New York, also, for wire tapping. They had tapped a Western Union wire running into the principal poolrooms throughout the country. So far as known they have made no "killing" in the poolrooms.

Three People Drowned.

FALL RIVER, Mass., Aug. 8.—William Lockhart, the 16-year-old son of Alexander Lockhart, and the two young daughters of William Simmons of this city were drowned in Asonet river, about 12 miles from here, yesterday.
